

LIVE IT!

Time and time again in the Old Testament God tells us to remember the great things He has done. How can we remember the faithful things God does? This week **write down** or **draw a picture** of one way you've seen God's faithfulness displayed in your life.

This is something God did for me this week...

MEMORY MAX

He is faithful. He doesn't do anything wrong. He is honest and fair.
—Deuteronomy 32:4b (NIRV)

YES, I, _____ have completed this week's M.A.P. book!

I AM!

EPISODE 5

Where do you think the name Niagara Falls came from?

No peeking! Go inside to discover the answer.

LEARN IT!

Our God is a faithful God. That means you can count on God to **love you, provide for you and be close to you.**

One of the Hebrew names for God is **Jehovah-Jireh**, which means **"The Lord will provide."**

FRESH FACT #351
The word "Niagara" was derived from the Iroquois Indian word "Onguiaahra" meaning "The Strait."

Can you say **Jehovah-Jireh?**

What does your name mean? Is the meaning of your name true to what you are like as a person?

Your name _____

What your name means _____

LINK IT!

Niagara Falls has been around a long time, but not as long as God. How long has God been around? Forever! God has always been here and He will always be here. In all that time, God hasn't changed.

Draw a picture of one thing you can count on happening **every day.**

FRESH FACT #32
The deepest part of the Niagara River is just below Niagara Falls. At 170 feet, it is as deep as the height of the Falls above.

When was the last time you anxiously stayed up all night because you were afraid the sun wouldn't come up? We don't worry because we count on the sunrise **every day.** Just like we can count on the sun, we can count on God because He is faithful.

COMPASS POINT

"Don't _____
to _____!"

We forgot this week's Compass Point. Can you unscramble and put the words together to complete this week's Compass Point?
