When you do the research to find out who Jesus is, you'll discover He is exactly who He claims to be, God's Son.

Have someone read Acts 2:22-41 to you.

Draw a plus sign(+) next to the true sentence and a minus sign (-) next to a wrong sentence.

- The earth is round** _____
- Peter denied Jesus three times** _____
- The earth goes around the sun** _____
- About 3,000 people became Christians after Peter's first sermon** _____
- Jesus died on the cross** _____
- Jesus rose from the dead** _____

We can know that the book of Acts is accurate because people were really there to see what happened and wrote it down so we could know as well. The more you read God's Word, the more you'll discover.
